Welsh Government's Wales and Africa Grant Scheme

Round 6 Wales Africa Awardees

Organisation	Theme	Location	Project Description	Grant Awarded
Africa Greater Life Mission UK	Sustainable Livelihoods	Uganda	The request is for emergency purchase of basic food supplies for children/families known to be in desperate need. Some of the funding will be used to buy laptops for university and college students currently attempting to conduct on-line study via smart phones.	£2,250
Breathe Creative	Lifelong Learning	Kenya	Make It Happen - COVID-19 Awareness raising workshops, delivered by Maasai Widows and Girls near Narok, Kenya to support their community during the Pandemic. The provision and distribution of basic food stuffs to support	£1,380

			the community and help combat food shortages due to the closure of local livestock markets.	
Care for Uganda	Health	Uganda	To provide adequate personal protective equipment (PPE) for the drivers of our 10 motorbike ambulances, in Lowero District, Uganda. To support the education of communities by Village Health Teams (VHTs) about public health messages about COVID-19.	£2,474.50
ChallengeAid	Health Lifelong learning	Kenya	The project aims to contribute towards the prevention of COVID-19 in Kibera and Mathare slums in Nairobi, targeting an estimated 4,000 youths, men and women by creating awareness, providing factual information on how to prevent the COVID-19. Install 25 handwashing stations equipped with soap and water. The project will enable residents have accurate information about coronavirus including where to get help in case they show any COVID-19 symptoms. Additionally, support will be provided to residents by donating free face masks, installing toilets in 25 villages and undertake community clean up to improve the sanitation situation.	£5,583.23
Chomuzangari Women's Cooperative	Sustainable Livelihoods	Zimbabwe	Work with the Hope Foundation to support the community of Chomuzangari to be more resilient to the coronavirus pandemic through providing clean water, washing facilities, hygiene materials and public education in local languages.	£12,595

Discovery Student Volunteering Swansea	Health	Zambia	Covid19 has drastically restricted mobility devastating the food supply chain and preventing small and medium agribusinesses providing food via small local markets. The grant will buy surplus produce and use it for food packages for the most vulnerable who have been unable to work and are facing extreme hardship.	£7,309.99
Dolen Cymru Wales Lesotho Link	Health	Lesotho	This project will support doctors in Lesotho's only post-graduate medical training program. It will provide e-mental health support from the psychologist-led Staff Wellbeing and Support Services, as well as distance learning, and in-country coordination of such services. It will also provide much needed PPE for the doctors and their health facilities.	£14,993
Give me hope Africa Wales	Health	Uganda	Give me hope Africa Wales are committed to supporting the community of Gibumbuni, Sironko, Uganda. Through ongoing consultation with our partners we have identified needs in the areas of information sharing, handwashing and sanitation, personal protective items, airtime and communication, seeds and goats and the provision of essential items to the most vulnerable members of the community. We are also aware of the longer term implications of COVID 19 and therefore also wish to provide longer term support in the form of seeds and goats.	£3,340

Hay2Timbuktu	Health	Mali	To provide local radio broadcasts and posters raising awareness of good handwashing and hygiene practices particularly aimed at women selling and buying food in the market but also reaching wider community groups. To provide PPE and sanitising hand wash for use in the market by these women. And through AMSS to provide appropriate training for women.	£6,513
Life for African Mothers	Health	Sierra Leone	To mitigate the impact of Covid-19 on 15 slum communities in Freetown, Sierra Leone, through a broad information campaign which will inform the population of how to protect themselves and each other; and through action to support 300 of the most vulnerable pregnant women and nursing mothers with hygiene kits and food.	£6,454
Love Zimbabwe	Health	Zimbabwe	Combat the spread of COVID-19 in Parirewa Village by improving hygiene through increased access to clean water and hand washing facilities, community engagement and awareness raising of the pandemic, its symptoms, the importance of hand-washing with soap, social distancing using a megaphone and training 20 women to sew 2000 face masks.	£14,572.50
Mothers of Africa	Health Lifelong Learning	Zambia	Zambian schools are reopening post COVID-19 surge. The Government requires children to have facemasks and hand-washing facilities, something rural families cannot afford. This funding will enable (and empower) a rural Women's Sewing Group to make 4000 facemasks for three	£3,930

	Sustainable Livelihoods		rural schools and provide sufficient soap to fully open throughout 2020.	
Mothers of Africa	Health Lifelong Learning Sustainable Livelihoods	Zambia	COVID-19 stopped to all urgent/elective surgery in Zambia, with millions of operations cancelled, causing considerable morbidity and deaths. Operations will be safely re-introduced into Chongwe Hospital by: <ul style="list-style-type: none"> • Diagnosing COVID-19+ patients; • Redesigning space into high and low risk areas; • Educating staff on new patient pathways • Enabling completion of all delayed surgery in Chongwe. 	£4,690
Partnerships Overseas Networking Trust (PONT)	Sustainable Livelihoods	Uganda	Through a network of local partners and village Self Help Groups, provide training in ways to avoid the spread of coronavirus, give food and soap to the most vulnerable and support struggling savings groups with a small cash injection to support post- lockdown income generation activities.	£7,880
ResponsABLE Assistance	Sustainable Livelihoods	Kenya	To enable our partners, Dr Cecilia Nyaga and the Kibwezi Disabled Peoples Organisation, acquire soap and provisions and to distribute them to disabled people and their families in the Kibwezi region of Kenya.	£9,300
Swansea Bay University Health Charity	Health	Liberia	Strengthening of a COVID 19 isolation and treatment unit in Liberia, West Africa, specifically at ELWA Hospital. Used to procure vital medication and personal protective equipment to ensure the unit is able to function effectively	£12,900

			in a resource-poor setting. Also used for emergency oxygen supplies.	
Teams4U	Health	Sierra Leone	Manufacturing and providing soap to promote handwashing in the Koindu District of Sierra Leone.	£3,519.28
The SAFE Foundation	Health	Sierra Leone	To Purchase and distribute the following items within the project community: - Food and Water - Medication - Protective equipment and materials And to employ the skills of a qualified and known child counsellor to continue working within the community to help vulnerable children cope with the pandemic.	£5,900
Treeflights Ltd	Sustainable Livelihoods	Kenya	The Women's Emergency Seed Scheme aims to buy and distribute maize and vegetable seed to grow enough food to sustain 500 families for up to 3 months. The seed will only be distributed to the poorest women in the community to ensure that it goes to those that need it most.	£6,000
