

**KICKSTART
SCHEME**

Kickstart Scheme guidance

PURPOSE OF THE KICKSTART SCHEME

The Department of Work and Pensions (DWP) has announced the launch of the £2 billion Kickstart scheme to create hundreds of thousands of high-quality six-month work placements for young people across the UK.

Employers can use the Kickstart scheme to create new six-month job placements for young people (aged 16-24) who are currently on Universal Credit or Jobseeker's Allowance, and at risk of long-term unemployment. Through the scheme, you will be able to access a large pool of young people with potential, ready for an opportunity. DWP will initially prioritise young people aged between 16 and 24 who are ready for an opportunity and will be supported by their Jobcentre Plus work coach to enrol in the scheme.

For each employment placement DWP will pay:

- 100% of the relevant National Minimum Wage for 25 hours a week
- The associated employer National Insurance contributions
- Employer minimum automatic enrolment contributions

Employers will also receive £1500 per placement to recognise the investment they will make to develop the Kickstart employee, for example to cover training and other development costs.

All job opportunities will be advertised through the Job Centre and Job Coaches will provide interview applicants for each post, focusing on those young people most at risk of long-term unemployment.

WHAT CAN WCVA OFFER?

Organisations making applications directly to DWP must have a minimum of 30 job roles available for young people, however organisations with fewer than 30 job opportunities are encouraged to contact one of the [representative organisations](#) to submit a request on their behalf. WCVA is registered as a gateway body for voluntary organisations in Wales.

WCVA has invited applications through WCVA's Multiple Application Portal ([MAP](#)). All applications will be reviewed, and additional information may be requested to strengthen applications and confirm feasibility of the number and types of job roles.

WCVA will make applications directly to DWP in batches of 30+ job roles.

DWP will release payments to gateway bodies monthly for the young person's employment (following confirmation with HMRC of employment). For example, following month one payments will be released by week six and so on until the end of the six-month placement. The £1,500 available to cover the training and development costs associated with each employee will be paid following confirmed employment of each post.

WCVA will be available to answer ongoing queries and concerns, but also to publicise positive stories and experiences of the young people to whom you will be providing lifechanging opportunities.
