Why should WCVA's members vote for me to be a Trustee?

I am passionate about offering my expertise to the important work of the WCVA. I act on behalf of one of the most vulnerable groups of children and young people in our society. I am confident I can offer diversity as I have lived experience which has enriched my professional direction. I have a career that spans over 20 years within the Third Sector/Childcare Sector in Wales/UK

As CEO of Voices from Care Cymru and trustee of organisational boards I oversee and manage governance and audit procedures, thus ensuring that all policy and procedures are compliant with The Charity Commission Regulations.

I have established a wide and trusted network of partners/agencies and I believe I am regarded as having a reputation of holding a high level of integrity offering staff/trustees and partners an honest and transparent approach. I have a long history working within the field of looked after children and young people as well as within participation, research and campaigning.

I am committed to the very important work of the third sector and in this context I strive to ensure it is fully represented in the values provides to some of the most venerable groups in Wales.
