Welsh Government's Wales and Africa Grant Scheme

Wales and Africa Grants Scheme guidance

Linking Wales and Africa to enable community action in contribution to the UN Sustainable Development Goals

This guide is designed to help applicants to understand more about the Wales and Africa Small grants round; including - who can apply for funding, what projects are able to be funded, and what is required from applicants.

This funding round will use a downloadable, Microsoft Word based application form.

Specific guidance has been provided alongside the questions within the application form.

November 2021

(Please check the website for the most current version of this guidance)

THE WALES AND AFRICA GRANT SCHEME 2021

The Wales and Africa grants scheme is a flagship initiative of the Welsh Government's Wales and Africa programme. The scheme enables community groups and organisations in Wales to access funding for small-scale projects that contribute to Wales' delivery of the UN Sustainable Development Goals and deliver benefits to Wales and Africa.

The ongoing effects of the global outbreak of COVID-19 continue to be felt differently worldwide. With the varying needs of partnerships in mind, the Wales and Africa Grants Scheme, will welcome requests in which meet the current needs of partnerships, either in response to the impact of the pandemic or resuming activity in contribution to the themes of the scheme.

The Wales and Africa grants scheme is a grant fund for community groups and organisations throughout Wales who work with partnerships in Sub Saharan Africa.

For this funding round there will be two grant streams - small and large.

- Small grants between **£5,000 - £15,000** are available for projects which are responding to an identified need in the community that works in line with at least one of the grant aims. For further information about the types of projects this may include please refer to the grant themes below. There is £115,000 available for small grants.
- Large COVID-19 grants between **£30,000 - £200,000** are available for projects responding to a need caused by the COVID-19 pandemic. This can be a short-term intervention or action to facilitate recovery and aid resilience in the future. There is £708,000 of additional funding available for large COVID-19 grants.

For the large COVID-19 grants, panel are seeking to award approximately 2 projects with a value of £200,000. However, this is dependent on the quantity and quality of requests received and panel reserve flexibility on the distribution of the available funding.

If you wish to discuss a project outside of this funding range, please contact the WCVA grants team.

TIMESCALE & PROCESS FOR AWARDS

Stage	Date	Detail
Grant scheme open for requests	01 November 2021	The process for funding requests is live on the WCVA website. All requests to be made on the downloadable application form and returned to walesafricagrants@wcva.cymru
First deadline for submissions	22 November 2021	Applications should be submitted by this date to be reviewed by the first panel meeting. Applications received after this date will be reviewed at the second panel meeting.
Panel meeting 1	24 November 2021	Formal approval of requests which will be funded.
Applicants informed	01 December 2021	Grant offer letters sent to successful requests.
Final deadline for submissions	16 January 2022	Requests received after this date will not be reviewed.
Panel meeting 2	09 February 2022	Formal approval of requests which will be funded.
Applicants informed	16 February 2022	Grant offer letters sent to successful requests.

Projects may begin as soon as signed grant offer letters have been returned to WCVA.

Project end dates:

- Small grants – 1 year after funding is approved
- Large grants – 31/03/23

WHO CAN ACCESS THE FUND?

Applicants will need to ensure that their organisation meets the following criteria:

- The lead applicant must be **based within Wales**
- All activities should clearly demonstrate a benefit to Wales
- Applications should clearly demonstrate a fit with one or more of the four thematic areas
- Applicants with prior experience of delivering grant funded activity from the Wales and Africa Programme should demonstrate the impact of this project and any lessons learned

- Individuals cannot apply; however, they may apply through a host organisation, the grant agreement will be held with the organisation and no direct payments will be made from the Wales Africa grant scheme into an individual's bank account
- All relevant purchases to be made with Wales and Africa grant scheme funding will consider ethical and Fair Trade criteria

The grants scheme can be accessed by groups in Wales who work in collaboration with African partners to deliver a diverse range of activities, including:

- Building capacity of small Welsh international development NGOs
- Promoting international development volunteering
- Promoting best practice in fair trade and ethical procurement across all sectors
- Facilitating the work of diaspora communities in Wales to maximise their impact on SDG delivery in their home country.
- Health projects
- Projects run for and by people with disabilities

Applications are open to constituted organisations in Wales, including:

- Constituted group
- Registered charity
- Community Interest Company
- Charitable Incorporated Organisation
- Company limited by guarantee
- Private limited company
- Community Council
- Town Council
- Local Authority

If you are unsure whether your organisation fits these criteria, or have any general enquiries please contact WalesAfricaGrants@wcva.cymru.

PRE-APPLICATION CHECKLIST

Before applying to the fund, please check that you can supply the following documentation to support your funding request:

- Constitution/governing documents for your organisation.
- Copy of your organisation's most recent financial statements or audited annual accounts.
- Proof of an organisation's bank account.
- Signed copy of the Wales and Africa Code of Conduct that can be downloaded [here](#).
- A copy of your organisation's Environmental Policy.
- A copy of your organisation's Equal Opportunities Policy. (If you do not have Equal Opportunities and Environmental Policies, there are statements of intent which must be signed by your organisation and can be downloaded [here](#)).
- A copy of your organisation's Safeguarding Policy – Hub Cymru Africa can assist in the development of this policy, if you do not have one in place it is advised that you adopt one. You will not be deemed ineligible to apply to the scheme if you currently do not have a safeguarding policy, but dependant on the activity of your project – we may stipulate that your board adopt a policy as part of the condition of award.
- Proof of match funding – if your project will use funding from multiple sources, successful applicants will need to provide confirmation of match funding before the first grant payment is released.

If you don't currently have Equal Opportunities Safeguarding or Environmental policies in place, you can contact your local [County Voluntary Council](#) for assistance with this. [Hub Cymru Africa](#) can help with the development a safeguarding policy in an international development context.

RESPONDING TO COVID- 19

The COVID-19 pandemic continues to affect communities across the world and the Wales and Africa grant scheme welcomes requests which will help alleviate impacts of the virus. The need for activity should be identified with partner organisations and ensure in country rules are being followed. It is the responsibility of the grant awardee to ensure that they keep up to date with all statutory guidance in the country which they are working and ensure that it is followed by their organisation or anyone acting in contribution to their project. If working with an African partner, it is the responsibility of the grant

holder to ensure that in country rules are being followed and that no person is put at increased risk as a result of participation in the project funded.

The following are some examples of the activities that may be undertaken in response to COVID-19 and your partnership working. The scale of the activity should be proportionate to level of funding request. Activities may include:

- Community engagement and awareness raising
- Raising awareness of the COVID-19 pandemic, viral symptoms, the importance of handwashing and social distancing
- Combating misinformation about virus transmission, prevention and treatment methods
- Raising awareness of how and when to contact essential health and emergency services
- Housing families to support quarantine and social isolation efforts

Public Health England has published resources for a COVID-19 awareness campaign [here](#). The WHO has technical guidance on risk communication and community engagement [here](#). Applicants may want to find relevant national resources in targeted formats and languages for various population groups.

GRANT THEMES

Projects will be awarded under one of the following four thematic areas:

1. Health

We seek to contribute to protecting the mental and physical health and wellbeing of communities in Africa through our grants. Examples of this could include:

- Supporting knowledge and skills sharing between health institutions in Wales and Africa for mutual learning and benefit;
- Supporting healthcare professionals in Africa to access small scale training and support from Wales; and
- Supporting communities in Wales and Africa to access to more equitable, quality healthcare

2. Lifelong Learning

Under Lifelong Learning we will support individuals or groups of young people or adults in Wales and/or Africa to gain skills and knowledge.

Examples of this could include:

- Linking communities in Wales with African partners to develop mutual understanding of global development and international issues;

- Supporting the educational needs of disadvantaged children in Africa and sharing that experience with school pupils in Wales, contributing to their global citizenship education; and
- Supporting people in Africa to learn practical/vocational/artistic skills to improve their livelihoods.

3. Climate Change and Environment

Under our climate change and environment grant stream, we will support initiatives that reduce environmental degradation and biodiversity loss in Africa as well as strategic and practical work to reduce emissions of greenhouse gases and to protect people from the impacts of climate change on food supplies, water availability or safety. Examples of this could include:

- Activities which support African farmers to adapt to a changing climate;
- Projects which enable the use of renewable energy in Africa;
- Projects engaging people in Wales with climate change issues as they affect Africa; or
- Work aiming to support African partners in implementing sustainable development practices.

4. Sustainable livelihoods

We seek to promote realistic and sustainable livelihood opportunities in Wales and Africa, ensuring that marginalized individuals are included in grassroots economic and social development. Initiatives that we support include:

- Community-led, income generating cooperatives that have benefit to Wales and Africa;
- Engaging the public through Fair Trade campaigns, advocacy or policy;
- Activities that bring the consumer closer to the producer in a sustainable way;
- Support to small-scale agricultural projects and activities; and
- Support to grassroots income generating activities.

THE WALES AND AFRICA GRANT SCHEME WILL NOT FUND

- Religious activities - religious groups may apply, however the scheme will not fund any activity deemed to have any element of proselytising.
- School trips/exchanges - teacher exchanges which are better placed for funding under the British Council's Connecting Classrooms programme
- Private for-profit ventures

INTERNATIONAL TRAVEL

Welsh Government guidance on international travel has recently changed, and as such, the Wales Africa Grant Scheme can now once again fund activities which require international travel. Whilst we seek to be as flexible as possible, caution should be exercised in planning for activity involving travel; including purchase of flexible travel tickets where possible and ensuring the appropriate level of insurance cover is obtained.

Should advice change and travel restrictions resume, any organisation or volunteer acting as part of a Wales Africa funded project should adhere to the guidance immediately. Any costs incurred as a result of not following guidance will not be reimbursed through the scheme. Quarantine costs will not be an eligible expenditure of a Wales Africa funded project.

TARGETS AND OUTPUTS

In the project profile you will be asked to set targets and outputs by which you can measure the success of your project. There is some information that we expect all projects to provide and to set targets for; these are **the general scheme targets**. You will also be asked to profile **theme specific targets** for at least one theme. The theme profiled should be the most relevant to your activity but if there are other theme targets which your project also meets then you are welcome to provide additional targets.

Applicants are advised to be realistic when setting their project's targets. The targets you set will need to be easily cross referenced to the narrative part of the funding request form.

ELIGIBLE EXPENDITURE

The Wales and Africa grants scheme will fund both capital and revenue costs, there is no requirement ratio. examples of eligible costs include:

- Staff salaries
- A 15% uplift on the total staff salaries costs applied for can be included into your project costs to cover overheads such as utilities and running costs, where applicable
- Equipment and tools where there is a clear project need
- Publicity materials
- Venue hire, stall hire, event fees
- Training costs

MATCH FUNDING

Although match funding is not a specific requirement of the scheme, it can be used to support wider projects in conjunction with other sources of funding. If an applicant has secured match funding for their project activity, this may be looked on favourably at assessment. In-kind match funding can be included into your project budget, examples of this may include the provision of works, goods, materials or services donated to the project by another provider.

Volunteer hours may also be included into the project budget. The notional volunteer rates for different project roles undertaken are obtained from the UK Annual Survey of Hours and Earnings (ASHE). The minimum volunteer rate will be set at £8.75 per hour to align with the UK Living Wage. Match your volunteer roles to the most applicable rate:

General volunteer (Living Wage)	8.75
Trainer	14.44
Project Administrator	10.65
Project Researcher	16.85
Project Co-Ordinator	14.42
Project Manager	22.49

Use these as hourly rates to calculate contribution of volunteer time. Each volunteer should have a description of the role that they are contributing to the project. Projects may need to provide evidence of this through volunteering.

SAFEGUARDING

It is a requirement for strengthened Safeguarding practice by including identified, trained Safeguarding leads within each grant recipient as a condition of grant approval. The conditions for accepting a small grant under the scheme have been amended to include a requirement that each agency or group in receipt of a grant needs to:

- Provide approved Safeguarding Policy (please send with application)
- All representatives within the grant recipient are aware of and have had induction/training in the policy and its requirements
- Designate a representative as the Safeguarding Lead responsible for receiving safeguarding concerns, reporting onwards under the agreed procedure, liaising with WCVA and responding appropriately to concerns. This designated person will be required to undertake mandatory safeguarding online training with Hub Cymru Africa

The duties of that person are outlined in the grant offer letter for successful applicants. In summary, that person is responsible for:

- Receiving and recording reports of Safeguarding concern
- Reporting that concern to the appropriate officer of WCVA
- Liaising with WCVA on the basis of WCVA criteria to ensure appropriate response and follow up
- The safeguarding lead is required to have undertaken Safeguarding Training which includes:
 - An explanation of the risks and indicators of safeguarding concerns
 - An explanation of the criteria of a reportable Safeguarding concern
 - An explanation of the considerations and procedure involved in making a report
 - An explanation of the criteria and process to be applied by the grant recipient and WCVA in responding to a reported safeguarding concern

APPLICATION PROCESS

Funding request forms can be downloaded from the [WCVA website](#).

Completed funding request forms should be returned to WCVA via email to walesafricagrants@wcva.org.uk.

There is guidance provided for each of the questions is contained within the application form. Requests will be assessed against how strongly they meet the priorities of the scheme and how well they address the specifications given within the application form. Scores will be awarded based on how well

the application addresses the guidance, recommendations will then be made to Welsh Government, who will make the final funding decisions.

Although the quality of the written application will guide the numerical scoring of the application form, other factors will be taken into account when funding award decisions are being made, these include benefit to Wales and the geographical spread of projects and panel's consideration of the overall difference the project will make in what it is trying to achieve.

PAYMENT OF GRANTS

For COVID-19 related grants, 100% of funding will be paid to successful applicants upfront upon the start of their project. WCVA reserves the right to claim the money back should the recipient not follow the monitoring and reporting requirements; this is outlined in the grant terms and conditions issued to successful applicants.

Applications are accepted for successive projects. Monitoring reports will be required at 6 month intervals as the project progresses as a grant requirement.

FURTHER GUIDANCE AND SUPPORT

For any further guidance please contact walesafricagrants@wcva.org.uk or call 0300 111 0124

Applicants seeking advice on improving the quality of their applications to this and other grant schemes, or advice on improving the quality and impact of their work can contact Hub Cymru Africa at advice@hubcymruafrica.org.uk or call 02920 821057.

Applicants are welcome to contact the Wales and Africa team to discuss their bids at any time. Email: WalesforAfrica@gov.wales Tel: 03000 251670
