

Colin Thomas

Why should WCVA's members vote for me to be a Trustee?

The role of a trustee is a strategic one, which involves overseeing the general management, by ensuring that the organisation has a clear purpose and direction. Trustees are also responsible for ensuring that the charity is solvent and delivers its charitable objectives.

My personal passion and values in life is equality for everyone wherever possible. I also enjoy helping and advising people in general as well. I have profound knowledge of Charity law, through my previous trusteeship.

I am keen to further my knowledge in the organisation. I am committed to investing the time required to understand the substantial areas that the WCVA cover and therefore I will be more knowledgeable in all fields to serve the members.

I am known for my common sense, honesty, integrity, and fair play for all in decision making.

I have perused the "WCVA Trustee description / WCVA Board of Trustees Election 2022 and I will totally commit to this if elected.

I think it is important for me to reiterate that I will ensure that I will abide by the WCVA Articles of Association, charity law, company law and any other relevant legislation or regulations.

I look forward to your support.
