

Kat Luckock

Why should WCVA members vote for me?

I believe in WCVA's mission to enable voluntary organisations to make a bigger social and environmental impact, especially as communities across Wales will face unprecedented challenges over the next few years. I am committed to creating inclusive, just and sustainable communities demonstrated through my 15+ years leading social impact organisations around social mobility, employability, community cohesion, EDI and sustainable development.

I am passionate about supporting organisations to secure sustainable income streams and have supported hundreds of social enterprises to do this over the past 5 years in my own business, helping them with their strategy, impact measurement and business development as a coach, mentor and trainer.

I have led youth volunteering projects bringing young people from different religious and cultural backgrounds together. I have set up an award-winning social enterprise inspiring the next generation of scientists, engineers and mathematicians to use their STEM skills to advance the green economy and sustain our planet, alongside securing over £1 million revenue over the past 8 years predominantly through trading. I have also had previous board experience including at FTWW and Careers Wales.

I would like to provide representation to those members based in or supporting communities across North Wales.
