

Neil Wooding

Why should WCVA members vote for me?

I was successful following WCVA's open recruitment for Chair and am currently Chair designate and a co-opted Board member. I am seeking ratification from WCVA's membership to reinforce this appointment.

Being part of a nation that has such a strong and vibrant culture of voluntary support and community services, makes me proud to be Welsh and confident in my belief in the goodness of others. I have worked voluntarily to support local communities and the environment, learning so much about myself and the world we live in.

I am experienced in leading organisations, in a strategic and operational context, as a non-executive and in senior executive roles, adept at building relationships, valuing difference, creating shared interest and working collaboratively.

As an elected member of the WCVA Board my job will be to protect and promote 3rd sector services, to address the collective difficulties we face, to provide challenge in the interests of helping organisations and networks to be resilient, and to harness the collective voice and ambition of the sector to influence government policy and ultimately the welfare of people across Wales.

I am deeply committed to creating a fair and just society and working with WCVA to achieve this.
