

# Useful information

## **BACKGROUND**

Wales Council for Voluntary Action (WCVA) is the national membership organisation for the third sector in Wales and our vision is for a future where the third sector and volunteering thrive across Wales, improving wellbeing for all.

At WCVA we provide support for the third sector, by which we mean anything non-government and not-for-profit, from charities, nursery groups, social enterprises, sports clubs and housing associations, to movements that tackle big economic and environmental issues such as poverty and climate change.

## **Our mission**

We want to be a catalyst for positive change by:

### **Connecting**

Our membership is made up of organisations right across Wales, a hugely diverse group with a wealth of skills, experiences and ideas. WCVA helps these groups to connect so that they can share and learn from each other. We

also provide links with similar third sector networks not only in Wales but across the UK and internationally, and with partners in other sectors.

## **Enabling**

We support learning about what does and doesn't work, improve skills, share information and advice and provide a range of practical services and support including resources, training and events, and funding.

## **Influencing**

We are uniquely placed to capture the big issues that are concerning the sector. WCVA can amplify our members' voices, not least through building coalitions on issues of shared concern. WCVA engages with the key institutions that our members want to influence so we understand the levers and opportunities to push for change at the national level.
