

Lisa Miller

Why should WCVA members vote for me to be a trustee?

As an NHS Manager with over 30 years' experience working in operational management, (including an NHS charity), and more latterly in the field of patient engagement and volunteer management I believe I can bring a wide range of skills to support the work of the WCVA. I have good knowledge of current Welsh and UK strategies. I have worked with a wide range of stakeholders including Welsh Government, third and charitable sectors, the NHS and academic organisations. I thrive on working with others and recognise the value of others in partnerships.

I would love to work more closely supporting the WCVA, its Board, members and its staff. Whilst I do not have direct experience as a Trustee I have engaged at Board level in the NHS in all of my roles over the last 34 years and so I have an in depth understanding of how Boards function and how to operate within those structures. I recognise the challenges and I am willing to fully embrace what may come my way.
