

Akshita Lakhiwal

Why should WCVA's members vote for me to be a Trustee?

Growing up in a community where stories were more than just words, I learned early on that communication can spark change. This belief has guided my career, from empowering communities as a Net Zero Engagement Officer at TPAS Cymru to amplifying unheard voices in broadcast journalism.

What draws me to WCVA is its deep commitment to equity, diversity, and inclusion—values I've championed throughout my work. In my current role, I've seen how collective efforts can shape a sustainable future, echoing WCVA's mission to help voluntary organisations make a bigger difference together. My experience working with diverse communities and managing projects that foster engagement and trust aligns with WCVA's goals.

I look forward to contributing my skills in communication, project management, and governance to help WCVA continue its legacy of voluntary action. With a keen understanding of digital trends and strategic communication, I am well-positioned to support WCVA's initiatives in today's rapidly evolving landscape. As a trustee, I would work to ensure that every voice is heard, and together, we continue to drive positive change across Wales.

Thank you for considering my application. I am excited about the opportunity to join a team that believes in the power of collective action to build a brighter, more inclusive future.
