

Emily Morgan

Why should WCVA's members vote for me to be a Trustee?

I would like WCVA members to vote for me to be a Trustee because I would love the opportunity to play my part in making a difference for voluntary organisations in Wales. I am passionate about volunteering and a keen advocate for the voluntary sector in both my personal and professional life.

As a young, neurodiverse individual I would bring a variety of potentially new perspectives and ideas to the board. I would love to be able to represent and be a voice for these two groups that are typically underrepresented amongst trustees.

My current job as a volunteering development officer also gives me an insight into current trends and barriers that local voluntary organisations are encountering daily. Bringing this knowledge to the trustee board would be beneficial in enabling WCVA to support its members and other voluntary organisations across Wales in the best way possible.
