INTRODUCING THE VOLUNTEERING WALES MAIN GRANT

Volunteering Wales is about ‘...the kind of country we want to be’.

A volunteer is someone who commits time and energy for the benefit of society and the community, and volunteering can take many forms. It is undertaken freely and by choice without concern for financial gain. The Welsh Government’s Volunteering Policy aims to; (i) improve access to volunteering for people of all ages and from all parts of society; (ii) encourage the more effective involvement of volunteers, including through appropriate training; and, (iii) raise the status and improve the image of volunteering ([Welsh Government Volunteering Policy: Supporting Communities, Changing Lives, 2015](#)).

Delivering prosperity for all is the mission of the Welsh Government. Its long-term aim is to build a Wales that is prosperous and secure, healthy and active, ambitious and learning, and united and connected. The Welsh Government has committed to create **opportunities for more people to volunteer** and recognises that the strongest communities have people who want to step forward to get things done. These are individuals who often seek no reward, other than seeing their community prosper.

The [Well-being of Future Generations Act](#) aims to improve the way that Wales achieves economic, social, environmental and cultural well-being. Through funding organisations to support and train individuals to contribute through quality volunteering opportunities, Volunteering Wales Grant scheme will contribute to all seven goals. Volunteering has an immediate and long-term positive impact on the individual and community. Nationally volunteers are vital for the delivery of third sector groups’ missions and values.

Volunteering Wales Main Grant is a scheme funded by the Welsh Government to promote and improve volunteering in Wales. The scheme is administered by WCVA (Wales Council for Voluntary Action).

Please note that only **one** application can be made by the same organisation in any grant round. We particularly welcome applications from organisations led by or working for the benefit of people with protected characteristics. If the grant round is competitive priority will be given to these applications. Applications will be required to demonstrate meaningful and tangible impact on the communities of benefit selected in the application.

FUNDING

Organisations can apply for awards of up to 2 years with a maximum request of £30,000 per year.

The year 2 award is provisional until a review of the project performance is undertaken in month 10. The success of this review, undertaken by the WCVA grants team and the VWG Project Board, will determine if the year two award is confirmed and payment will be released.

This fund is primarily focused on revenue funding; however, your funding request can contain costs for purchases of smaller 'capital' equipment including consumables (for example PPE, IT equipment etc).

APPLICATION PROCESS

The application process is split into two stages for applicants.

Stage 1: application

The first part of the application will be where you provide details of your organisation, including policies, recent accounts and contact details.

The rest of the application is where the project will be described in detail. You will also be required to demonstrate how the project will work towards at least three Well-being of Future Generations goals.

Once the application is submitted the Grants team will assess the answers against the scoring criteria. At this stage there will be no opportunity to amend the answers provided and no feedback will be given until after the award letters have been issued. You may be contacted to provide supporting information/documents if these are missing. The applications will only be scored based on each question and the individual question guidance.

A sample of the applications will be quality checked prior to final recommendations made to the Volunteering Wales Board.

Stage 2: Volunteering Wales board*

All applications that pass the minimum score questions will be referred to the Volunteering Wales Board. The Board will decide which applications to fund.

They may also make recommendations of partial funding where appropriate / according to the funding available.

Once the Chair has signed off the final decision, outcome letters will be sent to all applicants.

*The **Volunteering Wales Board** provide strategic direction and overview to the grant scheme, support the appraisal and awarding of grants and review the performance of projects. The Board is comprised of members of WCVA's Board and members drawn from the Welsh volunteering community.

WHAT ARE THE ASSESSMENT CRITERIA FOR PROJECTS?

Applications will be assessed against the following criteria: -

- a. A clear and appropriate project description
- b. Demonstration of need
- c. Quality of volunteering experience
- d. How the project has been developed in a collaborative and integrated way to enable the objectives to be sustainable
- e. Impact of the project

WHAT DOES A HIGH QUALITY VOLUNTEERING EXPERIENCE LOOK LIKE?

We recommend that you utilise the Investing in Volunteers Standards as a framework to guide the development or enhancement of your volunteering project.

These standards suggest that organisations would improve their organisational approach to volunteering if they focused on these areas

Volunteering being embedded within the overall vision, values, culture and aims of the organisation and its impact recognised and communicated. That your organisation understands why it involves volunteers.

People, policies and procedures in place to ensure volunteering is well managed

Organisations and projects have a positive approach to inclusion, equity and diversity and a proactive approach to making volunteering accessible

People find it easy to find out about the volunteering opportunities, to explore if they are the right fit for them and find it easy to get involved

Volunteers feel supported at all times, feel they are part of the organisation and that their contribution makes a difference.

Volunteers are valued and there are opportunities for volunteers to grow and develop through their experience.

The standards can be downloaded from
<https://investinginvolunteers.co.uk/download-the-standard/>

Organisations could include the cost of going through the award as one of their grant costs.

An Investing in Volunteers Information Session is being held on 3rd December 2024. Please email volwalesgrants@wcva.cymru to book.
