1. INTRODUCTION

Wales Council for Voluntary Action (WCVA) is administering the Comic Relief Organisational Growth Grant.

Comic Relief knows that to bring about positive social changes, action needs to be taken at a grassroots level.

WCVA will deliver this funding scheme in a way that is accessible to community groups all over Wales, ensuring it reaches those taking action to make social changes happen in their locality.

Decision making will be supported at a local level by representation at panel from County Voluntary Councils.

2. GENERAL PRINCIPLES

The scheme will fund organisations which work to deliver benefits under the following themes, actions to be funded under this grant request should be aligned with the aims of the grant scheme:

- **Family focused outreach and support** - basic essentials and needs / financial support
- **Homelessness**
- **Mental health services**

Organisations with a socially focussed purpose and an annual income of less than £250,000 are eligible to apply.

2.1 Things to consider when determining the needs of your organisation

This grant focuses on organisational growth and resilience. The following guidance may help you to consider your grant request and how it will be used to impact your organisation in a way which builds resilience.

WCVA defines 'resilience' as:

Resilience is about:

- Bouncing forward
- Evolving
- Flexibility
- Developing mission and goals in light of changed circumstances and needs

Useful questions to consider when planning your grant application:

- What drives your organisation?
- What do you need to operate effectively?
- Who you are and how do you get things done?
- Are you doing things well?
- How do you engage with others and spread awareness of your work?

In-kind match funding can be included into your project's overall budget: examples of this may include the provision of works, goods, materials or services donated to the project by another provider.

Volunteer hours should also be included into the project's budget profile. The notional volunteer rates for different project roles undertaken are obtained from the UK Annual
